1 The ANZ and Nikko Cash Funds may show negative returns over periods when interest rates are particularly low as the returns generated on the Fund's assets (which can include a mixture of cash and short-term fixed interest) may be lower than the fees incurred over the same period.

2 This fund is not available to new investors from 1 January 2016.

3 n/a indicates that the investment option was not operating for the full period or did not have funds invested for the full period. Return since inception is actual return since 19 February 2016.

4 Returns shown are since inception for those funds not operating for the full period.

Disclaimer:

We report monthly returns to members after tax and fees (excluding the member fee), assuming the highest prescribed investor rate (PIR).
